

The background of the image is a dense, overlapping layer of autumn leaves. The leaves are in various shades of orange, from light, almost white, to deep, dark brown. The lighting creates a warm, golden glow across the scene, with some leaves appearing more brightly lit than others, highlighting their veins and textures. The overall composition is abstract and organic, with the leaves filling the entire frame.

Vol III

LEARNING by NATURE

Learning by nature. Design is more important than ever these days. Nature is about reinventing things. All the sounds, colors and shapes of nature means harmony and beauty. In this collection, characteristic points in the spirit of furniture that can be a part of your home are designed with the philosophy of respect for nature and the most fashionable colors. Guaranteed not to get bored after using for a lifetime because everyone has a brand-new story that they have been living through at the edge of their living spaces.

Zeynep Varol Aksoy

DESIGNER

She stepped in the world of design in 1994 when she had stepped in to inspiring Taşkıışla building of Istanbul Technical University. When she graduated from ITU Architecture department with a Bachelor's and then a Master's degree, she had already stepped in the professional life by working with esteemed lecturers on various projects and architectural competitions.

After graduation, she worked as an architect in Istanbul. In 2001, together with her partner, they established a family business in Bursa. In order to experiment different scales of design, ZETT brand was created. Following various experiences in the fields of architecture, interior design and bespoke furniture design, Zett Collection 2010 has been introduced to the high quality serial furniture sector.

With its extraordinary design, details and high quality, Zett continue to be a leading brand that combines the atelier approach with high technology and engineering.

Zeynep VAROL AKSOY, who was born in 1976, has been the letter Z of the growing ZETT family. She continues her successful career in Bursa whilst being a mother of two lovely and creative children.

Hasan Tolga Aksoy

CEO

He graduated from ITU Civil Engineering Faculty in 1998. In 2001, he completed his master's degree in ITU Civil Engineering Faculty and started his career as a Master Engineer. At the same time, he continued his Ph. D., but due to the prevailing business life, he quit doctorate and started to work as an engineer.

He started his career by building his first structure in Istanbul. In 2001 he left Istanbul and settled in Bursa as the General Manager of his family company which they established with his life and business partner. With Zett, which was created with the vision of becoming a global brand, he led many architectural, engineering and interior design projects in Bursa. In 2010 the first collection of Zett has been introduced in Imob'10.

Since 2010, he is carrying the brand to the future with the new generation leadership that he synthesizes with his engineering skills. He is walking towards his big goals in the global market with the Zett Stores, that are located in Turkey's and the world's most important furniture and decoration centers.

Hasan Tolga Aksoy who was born in 1976, continues his career as the leader of the growing ZETT family, being the father of two special children who are also heralding the bright future of the brand.

BOOK

BRAND STORY

The story of Zett began in 2001 with the business partnership of two life partners.

After 9 years of experience in villas, hotels, schools, offices as well as, architectural, engineering, interior and bespoke furniture design projects. Zett participated in the IMOB exhibition with its 2010 collection for the first time.

As a result of amalgamating the skills and high standards from the traditional workmanship, its aggressive design line, details and quality with technology and engineering skills, Zett's products are in high demand both in the domestic and international markets.

Zett offers not only a furniture but also gives opportunities to the customers to design their living spaces with its bold innovations in the form and material selection accompanying a unique design approach that defies the mediocre. This makes Zett the world's leading brand that has a mission of "design the world, change the world".

While continuing mass production in their factory located in Bursa Gürsu Organized Industrial Zone with its young, dynamic, well-trained and competent technical staff, Zett is only days away from moving to their new factory.

TIMELINE

2001

Zett was born in the heart of two aspiring teenagers who graduated from Istanbul Technical University. It soon grew into a brand that would grow at the heart of its customers with its aggressive lines and primary emphasis on details in design. The journey into becoming one of the world's biggest brands began in a workshop that produced personalized furniture and decoration ideas.

2010

On the 9th anniversary of its Foundation, it was Zett Collection 2010 who won the hearts. It was presented to people in the high-quality furniture industry. Turning the design line into a trend line that the world is following, Zett kept on his production concept in the new factory, where it combined technology with subtle craftsmanship.

2016

Drawing attention with its "design" focus on the annually launched collections, this time Zett has shown its experience in space design. The new store, launched under the brand name Zett Plus, claims to be more than a furniture store, like a concept of life. In addition to the furniture collections within the complex, bringing together the inseparable parts of the home and living concept such as carpet, lightning, accessories, bed and paintings in language union and offering them to customers, this store provides you to save your time and a decoration which consists of compatible objects. Also, it meets the needs of the today's modern life concept and fast city life with its Italian Restaurant.

BRAND DNA

Design Focus

Zett offers the customers the opportunity to design a world that is created for them rather than just a bespoke furniture created by a designer. Each part of the Zett collection, whether it is small or big, forms a meaningful sentence. As much as every word in this sentence, punctuation marks are indispensable to form that meaning; we are more interested in the meaning of the whole sentence rather than the meaning of the words alone.

Zett forms strong sentences with striking words. Although words are not the focus of the design, intense flavors are captured with the contribution of extraordinary forms, new materials and the courage to use experimental applications.

Production Standard

Artisan craftsmen form the backbone of Zett's production staff. Thanks to this combination, it is possible to feel the sense of the exceptional handwork in various details of the industrially produced furniture.

Our production team is a strong family with managers, engineers, technicians, craftsmen and operators. This family is the most important element that makes us who we are.

Modern Line

Consisting of wooden-looking and predominantly walnut-veneered home furniture, Zett's collection is produced at high standards in modern facilities with the expert staff. Its modern line sets the design standards not only for today but for the future.

Unconditional Satisfaction

Zett moves on with the principle of unconditional customer satisfaction. With its fully equipped tools and expert service network, it carries out elaborate work for just-in-time delivery and installation all over the country. In addition, with its sustainable and original furniture lines of high quality, it offers its customers the opportunity to live in the spaces they will design themselves.

Attainable Quality

Attainable quality forms the most important part of Zett's DNA. Therefore, all processes of design, production, sales and after sales must be of attainable quality. The Zett's ecosystem builds its quality on the principle that it can be reached by anyone who needs ideas to design their own habitat.

Environmentally Conscious

Nature is the reason that Zett exists. With this awareness, Zett shows great respect for the nature throughout its work. It makes significant efforts every year for recycling, planting trees and to raise awareness.

Zett EFFECT

Zett's brand character that consists of design, innovation and customer satisfaction creates a culture which makes up this approach. It forms an area of influence along with the bearers of its cultural values and story.

It also defines this area of influence as the Zett Effect.

Having a Zett means stepping into the magical world of design, being part of this adventure. For this reason, we first introduce our customers to the Zett Effect.

Zett Effect;

It offers the comfort of ""Your Life, Your Rules"" to those who want to live their lives by their own rules. Houses designed with this slogan form the expanding ecosystem of Zett culture.

PRODUCTION

Zett designs appeal to high appreciation. The line, which combines architecture and decoration in a common pot, meets the raw materials of high quality and craft, and creates designs that add spirit to the space.

Made in Zett, requires the same quality standard, innovation and refined design on each product. It aims to keep the antiques of the future alive and to recreate living spaces with small touches.

MODERN CONCEPT

Zett, an expert in creating living spaces, produces modern concepts that write their own rules in homes. The concept designs that aim to balance the spirit and emotion of the space combine with the future technology.

Every space that you are in contact with your five senses means a world. The motto of "Design the World, Change the World" is the main mission of Zett to change the world by design.

DESIGN STORY

The warm felling of natural wood combines with aesthetic forms. The taste of the natural textures are shaped as a whole, which adds spirit to the spaces.

Zett offers its customers not only a products that come to life in designer's hands but also the opportunity to design their own living space and world. In brief, the design story of Zett's is not based on producing furniture; it is based on generating ideas and solutions.

Concepts prepared with extraordinary and rebellious products keep innovation spirit alive. The concept designed as a whole, makes special touches to each space in terms of color, texture, form and functionality.

IDEAS

Zett is known for combining the innovative character and extraordinary lines that are created. Since its inception, it designs the world, changes the world, and performs a creative culture beyond its time that appeals to a high appreciation.

Innovative and bold ideas such as three-legged table Trio, a tasty combination of 3mm natural stone, solid walnut and rusty corten steel in Solid diningroom, remote controlled projection curtain and projection system integrated to the Grida bed, adds value to the product as well as giving inspiration to the customer for creating new ideas.

COMPANY PROFILE

Established in 2001 to provide architecture, engineering, interior design services and has become an expert company in the field of bespoke furniture with villa, office, store, hotel and school projects.

In 2010 Zett started mass production of furniture in Gürsu Organized Industrial Zone by combining its amateur spirit with its technology and engineering skills. It is on the way to its major goals in the global market with its original design concept, efficient and environmentally conscious production system, young, dynamic and strong staff force, customer-focused and solution-oriented approach. Zett has taken place in the heart of the furniture sector with its showrooms, that are located in the most important locations of the world and with the factory, which carries out all production processes from ideas to design, from design to product, from product to benefit.

When you walk into a Zett showroom, you can easily feel the spirit it carries and the emotions it offers. Because of its expertise in interior design, each piece of the collection takes the right place and can show its own value. The most important feature that distinguishes Zett from the others, and makes it unique is that its experience and skills in design at every scale.

Zett showrooms that are located in many parts of the world like Bursa Nilufer Turkey, Bursa Gecit Turkey, Istanbul Masko Turkey, Ankara Batıpark Turkey, Izmir Turkey, Izmit Mobesko Turkey as well as Zett Uzbekistan, Zett Georgia, Zett Sweeden, Zett Ghana, Zett Palestine and Zett Corners in Turkmenistan, Iraq, S. Arabia, Kuwait, Qatar, Bahrain, Lebanon, Egypt, Libya, Sudan, Congo, Morocco, Croaioa, Serbia, Bosnia, Angola, Kosovo, Germany, Malta, Canada, New Zeland, Singapore, India etc. are our contact points that transform this space experience into service with customer focused Zett specialists.

PROJECTS

Zett offers its skills and experience in space and product design to the customers as a solution partner not only in his own collection and in the stores, but also in many domestic and international projects. It offers solution partner services both for the projects where a 3D space and product design support is expected as well as in the projects that its' designs and specifications are ready, at whatever stage desired.

Beyond furniture, it is able to provide building construction, installation and detail service with its professional staff, and equipment in taking the measure of manufacturing, space and product design, BOQ preparation, bidding, production, professional packaging, customs clearance and assembly support in every stage of the projects such as the completion of furniture, flooring, textile needs of all products as a package.

Zett has a position as a good project partner that can provide more than the service of a standard furniture company can offer. Thanks to the ability to produce rapid prototypes coming from the workshop times, technical and material information coming from architecture engineering applications, the wide product range created by means of project studies and wide range of suppliers.

MOCK UP SERVICE

In addition to the design, 3D modeling, BOQ and prototype production services, Zett can also provide mock up service to the domestic and international projects with its professional construction, assembly and styling team.

In the mock-up area within the showroom, the project space is simulated 1/1 and the prototypes are placed in the space, assembled, arranged by the entire accessory by the styling team and presented to the customer as a fully living space.

After the meeting held in the mock up area, all details are discussed and revisions are noted. By doing this way, the time loss during the transportation of prototypes to the country, customs clearance and transportation costs are minimized.

BRAND IMAGE

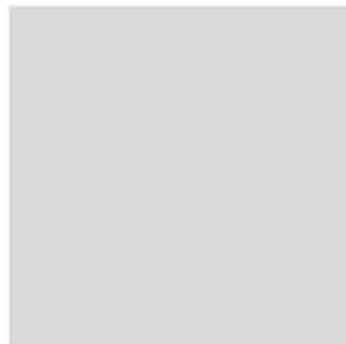

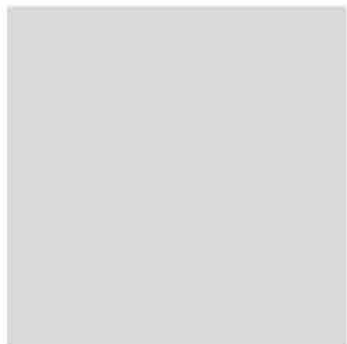

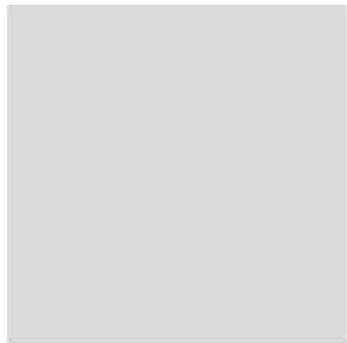

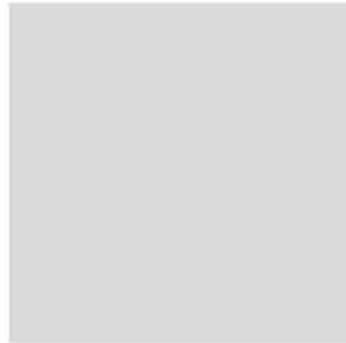

In its communications, Zett uses the same brand language when the design is created for the brand image.

In digital and conventional media, it appeals from the retailer to the storekeeper, from interior architecture to the design studios whether in the home country or in abroad. Taking parts in sectoral journals and publications, Zett uses its designs and forms in the communication materials as well.

It presents its products in social media communication and uses its opposing design image in a way that appeals to selective taste.
